Loquate's vigor is unity for all -- in, through and by Natural Law -- not religious teaching.

Loquate's small group program offers **Scientific Momentum Activating Righteous Transformation** through Natural Law. The science states innate needs are satisfied by primary values. The innate needs of human kind may be the greatest discovery in Natural Law ever. Like sailors eating limes to prevent scurvy, **Smart®** habits overcome the scurvy of the human spirit which is diminished motivation and well-being. Interfaith small group members build community in every group of which they are a part, and individually tend toward peace, happiness, and joy.

Loquate is comprehensive in this sense. It integrates religious beliefs about Spirit-centered community in unity for all mankind as Biblically or Scripturally possible, nothing more.

The words "That which you value the most for the common good," Spirit, and God are used interchangeably in our resources.

"Family isn't always blood, it's the people in your life who want you in theirs: the ones who accept you for who you are, the ones who would do anything to see you smile and who love you no matter what."

Loquate Resource R107-aL-Family

You remember how a person makes you feel.

In 1977 Jeff Liautaud founder of Loquate discovered primary values that build community. If one or more of the primary values is present in an experience, and the experience does not go against any of the other primary values, you will feel good. If the experience goes against one or more of the primary values, you will feel bad, even if other primary values are present. Primary values converge in **Smart® Ambassadors of Community** who "would do anything to make you smile."

They are the ones who empower you to satisfy your innate needs.

Hundreds of thousands of research articles [cite](#) Deci and Ryan.

Their science states: Innate needs when satisfied yield enhanced self-motivation and mental health and when thwarted lead to diminished motivation and well-being.

The innate needs of every human person are:

The innate need of *Relatedness* is satisfied by the primary value of - **Doing that which is truly in the best interests of others.**

The innate need of *Competence* is satisfied by the primary value of - **Attaining goals or other ends, not necessarily preconceived as goals, but which become goals once experienced.**

The innate need of *Autonomy* is satisfied by the primary value of - **Operating in an area of meaningful expansion for yourself, that is your interiorly preferred work.**

Those ones are called **Smart® Ambassadors of Community.**

Ryan finds "Amazing Convergence" with Loquate's primary values and community work. **Smart®** ambassadors satisfy innate needs through experiential learning in their **Smart®** small group resulting in a certificate of community at three levels beginner, intermediate and expert. Like sailors eating limes to prevent scurvy, an ambassador of community overcomes the scurvy of the human spirit which is diminished motivation and well-being. They become family. And by their example they become

family to people around the world by changing only themselves and no one else. Ambassadors satisfy their innate needs and empower others using Domain Theory Courses to satisfy their innate needs. Their small group example of interfaith dialogue, not religious beliefs, leads to proliferation of authentic Spirit-centered community, not death. Their atomic discovery is that the power of the Holy Spirit will be upon all those touched by a Smart® ambassador of community by following the Loquate structure. Doing so leads to peace, happiness and joy for the ambassador and increased community in every small group of which the ambassador is a part.

The Catholic Church recommends

the work of Loquate. Catholic with a small c means universal.

Smart® Ambassadors want you to satisfy your innate needs and empower you to do so. They bring “unity to all.”

Two Prongs

Loquate’s **Smart®** ambassador program offers **Scientific Momentum Activating Righteous Transformation**. There are two prongs: for organizations and groups of people, or for individuals. We help businesses build community...

Our Turnkey begins in your business, by incentivizing participation into the Smart® ambassador program, then outward to the community, through individual ambassadors of community relations.

Participation is open to all employees and is 100% voluntary. Any community where you have freedom to live your deepest beliefs in harmony with all, is a best place to live/work. Loquate is supported by its sponsors and free to everyone else.

A headcount donation to Loquate is expected from corporations that make use of our Turnkey.

Donation to Non-profit Loquate per year
Bread and Butter - Free will donation
Bronze - \$2500 basic membership
Silver - \$5,000 intermediate membership
Gold - \$10,000 advanced membership
Platinum - \$20,000 sustaining membership

The greater the corporate community, the higher the quality coming from its brand.

The Individual Prong

The individual prong focuses on the individual’s relationship within their neighboring community. The relationship between the two prongs is symbiotic. Both prongs come together by using Smart® community ambassadors to satisfy the individual’s innate needs and to build community by empowering others to satisfy their innate needs. Interfaith small group members build community in every small group of which they are a part, and individually tend toward peace, happiness and joy.

God’s Grace Leads the Way

Our innate needs are echoed in religion. A purity exists in each strain of religion. That purity is God’s will for us as found in our respective religions.

God’s grace leads the way. Let God renew the earth as only God’s graces can. Let every man say yes to God within their own respective religions. Let there be two camps on earth, those who freely choose to come to God and those who do not yet freely choose to come to God. Let whole lives give testimony to truth. Let Loquate’s undertaking abound.

Loquate is not a religion. Nor does Loquate seek to be a religion. But thru Loquate you get a glimpse of an individual’s faith in action. The depth of faith seen at Loquate.Tv is not theoretical. It is experiential. You get

depth of faith by practicing your religion. At Loquate.Tv we are sharing our stories and building our community.

Any who open the Sacred Door experience some level of discernment. It is hoped that by sharing stories and relating them to similar experiences, a checklist of principles of discernment could be invaluable that satisfy innate needs without the messy trial and error. Like a pilot who uses a preflight checklist, these shared stories may be used to document a checklist, a God guidance ("Guidance") check list. Without ever giving advice or attempting to convert another, but rather to trust and share stories of their God guidance. By listening, other members come to recognize God in their lives. Instead of denying the existence of faith we build faith for everyone by strictly adhering to satisfying innate needs. Instead of splintering into religious factions Loquate's resources show "unity for all" is possible, nothing more.

First Comes Love

The innate need of relatedness is satisfied by the primary value of "Doing that which is truly in the best interests of others." This Natural Law supports unity for all. In all of Guidance, there is no mission, no calling, and no work more important than loving all those around you. The whole point of Guidance is to love more. To love one another trumps everything else. So to discern your Guidance, true Guidance can never go against love. If your Guidance ever tells you to do something that goes against love, consider it false Guidance. Love comes first.

Have Faith in All Those around You

God's favorite way to guide us is thru others. The stories we tell each other can show God's guidance to others.

To have faith in another means to have faith in another's good common sense to come to God. When you put your faith in another, they are drawn to you. It can be no other way, because they see God in you. Your faith in them draws them to you, to your heart.

We hear God's will for us on the lips of all those around us. Especially about ways that may hurt or harm others. These we are to leave behind.

Keep Everything in Balance

You want to keep up all your relationships. You want to stay in relationship with your spouse, with your children, with those projects that you have been a part of; even in projects you are leaving you want to provide a smooth transition. You always want to be charitable to others. You want to seek to provide those things that they ask for, that

is within your power to provide to them, and that will be helpful to them.

Both prongs do this.

Background

ESG stands for Environmental, Social, and Governance. THE LOQUATE COMMUNITY ESG SOCIAL THEMATIC INDEX ("INDEX") identifies a form of social sustainability. If the Corporation's governance leans toward social sustainability it may be a better company in which to work. And if the company has a community outreach by its employees, neighboring communities may become better places to live. The INDEX includes Corporations that encourage unity through community.

Increased Community Benefits are: less turnover, higher engagement and connection (which leads to higher profitability according to Gallup polls), and a greater draw of the outside world to the corporation's offerings.

Solution-Using Loquate's Turnkey for businesses through Smart® Ambassadors for community.

The Turnkey is a form of sustainability. The turnkey utilizes a Smart® group that specializes in reinforcing Smart® habits that satisfy innate needs. Certification is the first step and that is knowledge based. The second step is implementation. The small group is functional when it satisfies innate needs.

Smart group feedback scores confirm a high degree of satisfaction when fulfilling innate needs becomes the norm.

"Sharing our stories, building our community."

Proven Successful!

In one small group, feedback scores over a 4 year period averaged 96% (A+). Challenges are overcome thru shared experience. Participation is voluntary and open to all.

The small group is a sign - a sign of love:

Have you ever noticed in our chaotic manmade world comes order, precisely at the moment needed most?

Where does this order come from? What we may call this sign does not matter as much as the irrefutable fact that the sign exists. Let us simply acknowledge it as “not from ourselves.” It is intelligent. It does exist. Let us call it God, or Spirit, or That which you value the most for the common good. Let us use the words interchangeably. Because when we pray or meditate, we seek it. Chaos ends. Order resumes. Life has changed and we are astounded. That is Spirit.

Loquate’s vigor and vitality is from the Spirit. By seeing the Spirit in each person, the Spirit’s vigor grows. By sharing our interfaith witness stories belief in the Spirit grows.

The small group follows this Smart® protocol:

- Share relevant resolution stories, not advice,
- Self-change, and no one else
- Satisfy innate needs, not ordinary conversation.
- Saying prayers for each other, that is caring for each other.

All are welcome!

There is no law against praying for each other. The First Amendment to the United States Constitution prohibits the making of any law respecting an establishment of religion, impeding the free exercise of religion, abridging the freedom of speech. Even the \$1 bill contains the inscription “In God We trust.”

Today principles of Interfaith Dialogue are the instrumental means for “unity for all.” If any deny “unity for all,” they deny their self. Interfaith

Dialogue in the small group upholds atheists, agnostics, and all religions. No proselytizing in the small group shocks me into listening well.

Having faith in each member...in their good common sense ability to come to God as they see God...preserves dignity “in unity for all.”

Seeing hope in others’ identity experience stories is the catalyst that will increase the Social in ESG.

An identity experience is defined as a single experience elevated in the mind of the small group member as typical of what it means to be a member of your organization or community. The success outcome is leveraged to all. Identity Experience Evaluation occurs annually for small group members. A melding of the values of the corporation or individual in an Identity Experience of the member that satisfies innate needs is hope for all.

Incredible Value. A few can affect many. Freedom to live one’s deepest beliefs in harmony with all is an incredible value.

The greater the sense of community, the greater the member's perception of well-being.

Loquate treasures its independence consistent with its mission as a ripple organization for peace.

Mission Loquate’s mission is to work with members of groups and organizations:

- To develop the member’s diversity and sense of shared humanity thru self awareness,
- To develop a sense of community in small groups of self aware members,
- To develop the sense of community within the larger group or organization of which they are a part,
- To develop the larger group or organization into a catalyst for the sense of community in its surrounding environment,
- To spread the sense of community throughout our fragile world using small functional incubator groups to serve as a model for peace.
